Payments to the FPGA/NPGA are not tax-deductible as charitable contributions for federal income tax purposes. However, they may be deductible as ordinary and necessary business expenses, subject to restrictions imposed as a result of association lobbying expenses. The non-deductible dues portion for lobbying expense in 2019 is estimated to be 20% for the FPGA and 26% for the NPGA.

FPGA MEMBERSHIP GENERAL DEALER INFORMATION

DUES:

Annual dues for members shall be payable in advance of the first day of January each year. Dues shall be made payable and forwarded to:

**Florida Propane Gas Association
P.O. Box 11026
Tallahassee, FL 32302-3026**

FPGA/NPGA

Affiliation with the National Propane Gas Association: Under the authority of Article VI of the FPGA Constitution, the Executive Board has executed an affiliation agreement with National Propane Gas Association, Inc. (NPGA). The agreement is known as the "State Charter Affiliation Plan" as given in the constitution of NPGA, Inc. Under this affiliation agreement all Active intrastate members of the FPGA, become members of NPGA, Inc. upon payment of dues to the FPGA. FPGA pays a portion of members' dues to NPGA for membership of each Active Member.

What is a bulk plant under the NPGA rules? A "bulk plant" is defined as any facility where the primary function is to store LP-Gas prior to further distribution, where LP-Gas is received by cargo tank motor vehicle, railroad tank car, or pipeline, and then distributed by portable container (package) delivery, by cargo tank motor vehicle, or through gas piping. A facility distributing gas through gas piping, such as a community gas system, is exempt from the definition of a "bulk plant" unless the facility is used to transfer product into cargo tank motor vehicles for further distribution.

FPGA

MEMBERSHIP SERVICES

NPGA

Florida Propane Gas Association provides extensive membership services. The following is a small sample of the variety of services available:
